PROFESSIONAL SUMMARY

BSc Computer Science graduate from Africa University (CGPA 3.54) with hands-on enterprise development experience at NetOne Cellular and a proven record of shipping production systems. Award-winning innovator- 2nd Place at POTRAZ Innovation Expo 2025 with expertise across full-stack web development, AI/computer vision, and real-time systems. Dean's List four consecutive semesters. Skilled in Blender 3D modelling and animation with a passion for building technology that solves real-world challenges across Africa

WORK EXPERIENCE

IT Intern – Software Development

Oct 2025 – June 2026

NetOne Cellular · Harare, Zimbabwe

- Contributed to design and implementation of enterprise database synchronisation solutions using Java Spring Boot, improving service availability for critical telecommunications infrastructure.
- Supported testing and deployment pipelines for internal enterprise platforms, contributing to QA cycles across the software development lifecycle.
- Diagnosed and resolved employee-facing system issues remotely and on-site, reducing average ticket resolution time.
- Collaborated with senior developers on system maintenance, debugging, and deployment support across multiple production environments.

PROJECTS

Braille Eyes, Sound Vision **2nd Place, POTRAZ Innovation Expo 2025**

Sep 2025 – Present

[Python](#) · [OpenCV](#) · [Machine Learning](#) · [Object Detection](#) · [Depth Estimation](#)

- Built an AI-powered assistive navigation system for visually impaired individuals using computer vision, real-time object detection, depth estimation, and spatial audio feedback.
- Secured university research funding for continued development \$1300
- Exhibited at POTRAZ Innovation Expo 2025, ZBC News, Harare Agricultural Show, and Mutare Agricultural Show.

ZimVista

Nov 2025 – Present

[React](#) · [Node.js](#) · [Gaussian Splatting](#) · [Photogrammetry](#) · [3D Reconstruction](#)

- Developing a virtual tourism platform enabling immersive 3D exploration of Zimbabwean destinations using Gaussian splatting and photogrammetry for realistic location reconstruction.
- Designing scalable architecture to showcase tourism sites, cultural heritage, hotels, and businesses to local and international audiences.

HomeConnect (homeconnect.co.zw)

Oct 2025 – Present

[React](#) · [Node.js](#) · [SQL](#) · [REST APIs](#)
